

## FIT3003 S2 Advanced DW Video Presentation Feedback

**Student Name:** Jason Ching Yuen Siu (csiu0002)

**Student ID:**

31084222

**Marker:** Allison

<b>Marker:</b> Alice						
<b>Marking Criteria</b>	<b>Not Satisfactory</b>	<b>Poor</b>	<b>Average</b>	<b>Good</b>	<b>Very Good</b>	<b>Excellent</b>
The quality of contents, extracting the key points, practical application and authentication					✓	
The depth of the research and knowledge of the topic					✓	
The quality of the presentation in terms of preparedness and clarity				✓		
The amount of time spent in the presentation						✓
The video quality				✓		
<b>Timely Submission</b>						✓
<b>Final Total</b>						<b>HD</b>
<b>Overall Comments</b>						
- The topic was well summarised and its importance was well highlighted. It would be better to discuss more on the cases to expand on why the data lake is better.						
- It would be good if you improve it with more engagement						
- The video is between 4.5-5.5mins						
- Clear and informative, but missing references in the end
